gany. 10"*

*P.S. Take good care
of the girls.*

I am a fragment
Of a vast puzzle.
Hopelessly drowned
By my counterparts,
Yet vaguely aware
That somehow I belong.
One in 1600 pieces,
All fitting, yet all unique.
My color is
A lonely color.
My size is
An insignificant size.
My shape is
An ordinary shape.
Alone I am nothing.
But when snapped in place
I am a component — a necessary part.
It cannot be complete
Without me.
I am vital
To the intricate puzzle.

But where do I fit?
I must search out my appropriate place.

My solitude cracks its shell
And I expose myself to the parts surrounding me.
I watch and observe these parts
And begin to scribble rough impressions onto my mind.
I venture into the vast puzzle
Gaining confidence and meaning as I progress
Deeper and Deeper and Deeper.

Suddenly I am engulfed by a flood of acquaintances
Profiting from all of them,
But reaching out only to those with whom I seem to fit.

I have experienced a new feeling through friendship;
An indefinable warmth.

*Foley
Herman*

*John
1977*

I learn from experience.
With my friends
I grasp every opportunity to try something new;
To grow.
I am collecting a scrapbook of memories
To glance through in some empty moment of the future;
To reopen to the fullness I am living at the present.

I feel through involvement.
The excitement of an autumn game;
The anticipation of a candidate;
The strain of competition;
The throb in defeat;
The relief of receiving a club bid;
The pride in a successful production;
The heartiness of a half-time show;
The freedom in dancing;
The thrill of success.

I am one.
You are one.
Together we are not two,
But one and one.
Laughing,
Sharing,
Being,
One.

I
am
anxious
to
give
what
I
can.

An
idea,
some
talent,
a lot of
patience,
many
hours.

In
return
I
receive
and
grow
and
mature.

A new
friend,
some
experience,
rewarding
results,
happy
memories.

Good Luck

I am a fragment
Of this vast puzzle.
Having tried and been tried
By countless situations.
Searching out
That which suited me best.
Learning only through experience,
Feeling only through involvement.
One in 1600 pieces
All fitting, yet all unique.
My color is
A vibrant color.
My size is
An essential size.
My shape is
An interesting shape.
I free my mind for one brief moment
To wander openly
And look into myself.
In my aloneness
I can see
That I have retained my individuality —
Single and different,
Strong and unique.
And as every seemingly insignificant puzzle piece
Ultimately searches out its place and completes the puzzle.
So have I sought my goal —
I fit.

EVENTS

Homecoming 1968 a victorious event for Team and Ann!

Each piece of Bowsher's 1968 Homecoming fell into place to provide a picture of shining success. A great football team treated Rebel fans to a Homecoming victory over Start on October fourth by beating the Spartans 7-0. During the half-time ceremonies, Ann Hersland, sponsored by the Forum Service Society, was crowned 1968 Homecoming Queen. Queen Ann's attendants were Ginny Heer, Kathy Jones, Jan Pakla, and Debbie Zientara. An inventive movable float entitled "Spear the Spartans" captured first prize for the Sophomore Class in the 1968 Homecoming float contest. To cap a triumphant day on the football field, the Forum created an "Autumn Enchantment" for the enjoyment of everyone who attended the 1968 Homecoming Dance.

choked his little self and then there were nine.

"Ten Little Indians," was presented Friday and Saturday, November 22 and 23, this being the first mystery play acted out on the Rebel stage. Under the able direction of faculty advisor, Mrs. Jan Woodend; student director, Tim Burns; and general chairman, Nancy Gardiner, the Senior Class produced one of the most successful plays in Bowsher's seven years. Centering around a vacation at a summer resort, all eight people and the two domestic servants were accused of killing or being responsible for a comrade. Then one of them dies. Then another, and another. These guests finally figured out the rhyme which hung above the fireplace as a clue to the murders. One of those murdered only feigned death and came back to be proclaimed the madman and murderer. Even with all the suspense, the play ended happily with the final two characters marrying.

"No thank you. I never drink alcoholic beverages!"

"How strange! Now there's only eight little Indians left!"

"A modern beesting. A hypodermic syringe!"

Santa and Jan.

From the cold outside, through the decorated halls, to the fantasy of Moonlight and Mistletoe, the warmth of friends inside proved fun for everyone who attended the 1968 Christmas Dance—December 21.

Unanimously decided, it was the best dance ever held at Bowsher, and the perfect way to enter the long holiday vacation.

Surrounded by deep red velvet decorations, all couples eagerly awaited the entrance of the six winter beauties and the crowning of the 1968 Snow Queen. The Royal Dance was led by Queen Jan Palka and escort Steve Connor, and Princess Barb Weaver and Hal McLean. Moon River was played, and all the girls and their dates soon joined the dance. Afterwards, Queen Jan was escorted to her throne and crowned by dance co-chairman Ken Bukowski, and presented with a bouquet of roses with holly. Princess Barb also was given a bouquet, and each of the other candidates received a long stemmed rose.

This year, Santa received a huge reception; this could be due to the fact that he had a female helper. As each girl waited for a chance on Santa's lap, her date eagerly waited a turn on his helper's lap.

Dramatic parts are explained to the directors by Kathy Scheidemantel.

Under the supervision of faculty advisor Miss Kathy Scheidemantel, the Junior Class presented "George Washington Slept Here."

The story revolved around Newton and Annabelle Fuller who become the owners of an old run-down Pennsylvania farmhouse. Their efforts to keep and repair the house were nearly shattered by Mr. Prescott, an ill-tempered neighbor who is determined to evict the Fullers from the property. All ends well however, as Newton's Uncle Stanley masquerades as a business tycoon and tricks Mr. Prescott into loaning to Newton the money he needs to remain the owner of the house. The talents of Ken Bender and Carol Abodeely as Newton and Annabelle Fuller, Darrell Holt as Uncle Stanley, and Neal Carothers as Mr. Kimber, the caretaker of the old farm, were greatly appreciated by the audience.

Tom Widmer served as director to the seventeen members of the cast and Janet Venell performed the duties of general chairman of the production.

Snow, skis, and scheming . . . Rebelees 1968

Above: Twixt scenes, the set crew performs a vital part of *Rebelees*.

Right: Everyone gets a high kick out of *Rebelees 1968*.

Set against the background of Hillory Heights Ski Resort, *Rebelees of 1968* was the story of Andrea (Kathy Trout), a willful girl determined to make a romantic marriage to a young man of no social prominence. There was only one slight problem. The kind of man her Aunt Agatha (Marcia Drews) had in mind involved any young man of good social standing. Chad Worthing (Tom Atkins), set on winning Andrea, made an attempt to fill both Andrea and Aunt Agatha's qualifications. With the help of Maud (Sally Morrison), Hillory Height's scheming maid, Chad managed to succeed. That is, he succeeded up to a point. And when Chad found himself on the horns of the dilemma, there were laughs for all.

With able assistance from Miss Elizabeth Papps and Mr. William Burns, the "Rebelees" Steering Committee diligently organized, and performed the necessary duties for a successful event. This year, "Rebelees" was directed by Student Director, Bruce Pasch, and General Chairman, Marci Zink. This program was entirely student produced. Along with an originally written script, students built and painted the set and scenery. Girls industriously created costumes for the chorus and Rebelettes who choreographed their own dance routines.

The Prom . . . Highlight of Spring Activities.

A toast to one of Bowsher's most successful proms.

During the final weeks of the school year, upperclassmen began to anticipate the excitement and preparation involved with the proms. This year's seniors who enjoyed a Junior Prom held at the Perrysburg Holiday Inn, looked forward to a joined Junior-Senior Prom held at the Naval Armory. Unlike the other school dances throughout the year, the proms are exclusively formal occasions. Various activities are included in the prom festivities ranging from learning the art of hula dancing to breakfast parties to a day at the beach.

After four years of anxious anticipation Graduation came and was gone quickly. The graduated Senior class now looks back upon the memorable occasions of the past year. The first day of being a Senior, Homecoming Queen elections with the queen from our class; one-fourth of the way till Graduation! Christmas vacation! One-hour semester exams! The teachers' strike and the students teaching classes! A winning football team! A good basketball season! The best wrestling team in Northwest Ohio! Three-quarters gone, a quarter to go. Easter vacation! Senior Prom! Senior skip-day, an extra day for underclassmen! Baccalaureate! Final exams! Whew, they are over! Finally the big day, Graduation! Held on Tuesday, June 10, it was the finale of the first phase of life, and the beginning of another segment of life. Thus, the four hundred Seniors of Bowsher High School Class of 1969 left for their varying jobs, careers, and lives.

Administrators strive to aid and understand

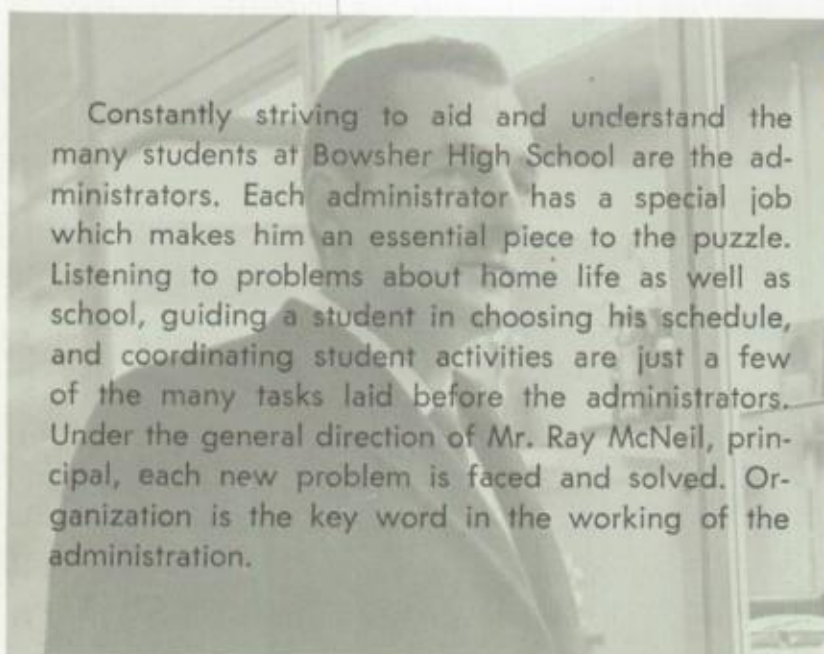

MR. DARELL CLAY, Assistant Principal

MISS HARRIOT SCHELL, Girls' Counselor

MRS. HELEN WILLIAMS, Senior Class Counselor

Constantly striving to aid and understand the many students at Bowsher High School are the administrators. Each administrator has a special job which makes him an essential piece to the puzzle. Listening to problems about home life as well as school, guiding a student in choosing his schedule, and coordinating student activities are just a few of the many tasks laid before the administrators. Under the general direction of Mr. Ray McNeil, principal, each new problem is faced and solved. Organization is the key word in the working of the administration.

MRS. JOANNE MOURLAM, Counselor's Clerk

MRS. CONNIE MOREY, Book Clerk

With the aid of the office workers, the organization of the school is complete. Each office person carries out a special task of her own. Mrs. Just, the treasurer, keeps track of all the money involved in this school. The books are kept by Mrs. Morry, and Mrs. Keim maintains records and senior information. Mrs. Moulam and Mrs. Krieger are counselors' secretaries; and Mrs. Kerl takes care of all work related to the seventh and eighth graders in the junior high. With all these people working together, a fine office staff is created.

Bowsher's business students prepare

MRS. KENNEY, General Business and Junior Block

Shorthand, typing, bookkeeping, and other types of secretarial techniques can be learned and developed in the business department. The skill of typing branches into two main categories. Business typing is for the office bound student while personal typing is generally for the student bound for college. Shorthand is offered mainly for students planning to enter office work. Accurate note taking is essential in this field. Bookkeeping and record keeping are two filing skills which may be developed. Bowsher is known for having one of the best business blocks in the state. Two programs are specified this year and very thoroughly carried out. One program trains secretaries while the other trains clerical workers. The FBLA is a club especially designed for our business students. Here, fellowship and abilities are exercised.

The English Department of Bowsher High School, Headed by Miss Elizabeth Papps, is one of the finest in the city with more to offer than any other. A program unique to Bowsher offers an advanced placement course for the Freshmen, Sophomores, Juniors, and Seniors. These classes offer students a more concentrated study of the English language. An elective course new this year is World Literature and the Bible. It is a humanities course which deals with the art, music, philosophy, and history of different ages. The program is open to Juniors and Seniors. These special curricular studies along with the regular English programs provide an interesting course for each and every high school student.

Language can be interesting

MRS. VAN TASSEL, Latin

MRS. WEBER, French

The Language Department has two major goals: to provide its students with the ability to speak, read, write and understand a foreign language and to provide them with a background of knowledge and appreciation of each country's contributions in the fields of history, art, and music. Under the guidance and supervision of capable instructors, and through the use of such teaching aids as filmstrips, records, tapes, and movies these goals are attained. Four clubs are sponsored by the language department for the furthering of students' interest and fellowship. With Latin teachers Mrs. Joyce Van Tassel and Mrs. Dorothy Hayes, students gain a better understanding of Roman and Greek Culture through reading Caesar, Cicero, and Vergil. French students learn to speak conversational French and to read classical literature under the leadership of Mrs. Eleanor Weber. Mrs. Roberta O'Keefe the German Teacher, guides her pupils in the correct pronunciation of the language. The head of the department, Mrs. Geraldine Leitner, instructs her students in the better understanding of our neighbors with instruction in Spanish.

For the student accustomed to elementary social studies, the Bowsher History Department is certainly a surprise. In addition to Contemporary History, Sociology, and Economics, up-to-date versions of World History and American History are being taught by able teachers under the leadership of Miss Allen. The department teachers make use of not only the conventional materials but also current events found in magazines and newspapers. Whether taking history as a requirement or as an elective, the course offered at Bowsher is both interesting and educational.

and advanced placement courses.

In addition to standard approaches to general science and biology, Bowsher's science department, under the direction of Mr. George Rohrer, advanced placement chemistry offers a greater challenge for the advanced students with QPS, BSCS, and advancement chemistry. QPS is a course for freshmen which tries to encourage its students to go on into other phases of the physical sciences. BSCS is a biology course stresses lab work and the molecular approach. Chemistry is offered for juniors, physics for seniors, and a physiology course for either juniors or seniors. But even for those students who take only general science and biology the science program is challenging and fulfilling.

MR. ZIENTEK, Basic Math

MRS. FOX, Geometry

Under the comprehensive leadership of Mr. Glenn Blinn, the Math Department this year is making great advances in methods of teaching. Along with basic and applied math for students who wish only to fill their math requirements, Bowsher is offering Geometry and Algebra I and II. These courses are divided into three sections. The first is for students who wish to include one or more of these subjects in their high school curriculum, but probably will not go into it as a profession. The second is the regular course for students who may or may not major in math. The third is for the math-minded students who wish to go on to an extensive study of mathematics in college. There is one senior math course which is designed to entail all the math which the student has covered during his school years. It includes an assortment of Trigonometry, Solid Geometry, and Algebra. These subjects are designed to give the student the greatest possible amount of knowledge he can get out of his years at school.

Musical talents are expressed

MR. MILLER, Band

Any music department can be divided into two groups: vocal and instrumental. Bowsher's music department in particular offers extensive courses in both fields. The instrumental department encompasses orchestra, freshman band, and senior band. The orchestra, under the baton of Mr. James Grabill, has distinguished itself yearly at district and state contests. The senior band led by Mr. Miller, has become known as one of the best in the city, whether on the football field or on the stage.

The vocal department, headed by Mr. Eugene Evans, ranges from the choruses and Barbershop Club to the Choir which, like the orchestra has represented Bowsher at contests with award-winning results. Music has been called the international language and if this is true, Bowsher certainly has something to say to everyone.

Teaching new drivers old skills is the primary goal of Mr. Torgler, the Drivers' Education teacher. With the aid of true-to-life movies, lectures, and actual driving experience, students develop good driving habits.

MR. TORGLER, Driver's Education

MR. EVANS, Choir

MR. GRABILL, Orchestra

MR. SCHLIEVERT, Freshman Boy's Gym

There is scarcely a student in Bowsher who can claim to be unfamiliar with some phase of the Physical Education program. A required course for Freshmen and Sophomores, this course is expansive enough to have something to offer everyone. The Freshman year is a combination of Health and Sports. The Sophomore year is all Sports including field hockey and archery for girls while boys enjoy football and basketball. Since the construction of the tennis courts a rudimentary tennis program has been offered to Sophomore girls. An allied organization, the Girls' Athletic Association, sponsors intramural competitions in soccer, archery, tennis, volleyball, and golf. The winner of these contests goes on to win honors in city-wide competition.

From the wide field of general art and branching out into ceramics, commercial art and painting class, Bowsher's art department successfully covers all phases of art educations. With Mrs. Carolyn Goforth's help, ceramic students learn to cast, decorate and fire their own pottery. The Painting class, led by Mr. Ryan, places great emphasis on creativity and different types of painting, such as realistic and abstract, using mediums which vary from charcoal to acrylics.

Industrial Arts students, working in such areas as electronics, mechanical drawing and woodworking, are at present learning skills necessary for future employment in these fields.

Preparing for tomorrow today.

MRS. FACKELMAN, Home Economics

MR. MAUL, O.W.E.

A little known program now in its third year at Bowsher is the Occupational Work Experience program including O.W.E. and D.E.C.A. groups. The students spend two periods per day studying required subjects and two periods of related study pertaining to the problems and experiences of their jobs. The other half of the day is spent in gaining work experience provided by business and industrial establishments. The most important advantages of the program is that it gives those students who wish to gain practical work experience the opportunity to do so. Another type of employment and certainly an important one is homemaking. Bowsher's vocational education program takes this into consideration by offering a complete course in Home Economics, providing instruction and experience in cooking, sewing, and all the other trades necessary to "make a house a home."

the problems of another school year.

Student Council, the representatives of the student body, is the most active organization in the school, holding meetings every Monday and Wednesday morning during the school year. Composed of three girls and three boys from each of the four classes, the Council also has many committees under its authority, including the Spirit Committee head of the Spirit Contest, the Sportsmanship Committee head of the sportsmanship points at basketball and football games, and the Publicity Committee which prints up the Newsletters and handles all publicity for the Council. The Council sponsors many activities, such as Homecoming and the election of the queens, the Christmas Dance (in cooperation with the Senior Class), the Stationer's Desk, and Santa's Post Office. The Freshman members of the Council decorated the office, and the more experienced members planned most of the programs. Under the leadership of President Chris Gladieux, the Student Council has had one of its most successful and active years.

Interclub Council coordinates club activities.

Interclub Council supervised decorating the building at Christmastime.

With so many busy clubs at Bowsher there is an obvious need for a group to co-ordinate the activities of all the clubs. The Interclub Council fills this need. Composed of the presidents of each club, the council arranges for all parts of the school to be decorated at Christmas time. The Council has also been responsible for putting together the Carnival. Although they are the least-known organization here at Bowsher they are hardly the least important. On the whole the Interclub Council can be described as an organization which helps Bowsher students enjoy the other organizations to the greatest possible extent.

The National Honor Society is dedicated to the advancement of the four qualities they consider most vital to a student: scholarship, character, leadership, and service. Bowsher seniors and juniors who have exhibited these traits were invited to join the organization and became members during induction ceremonies held once in the spring and in the fall. The National Honor Society sponsored the annual Bowsher-Start Quiz Bowl held in December last year. Rounding out the National Honor Society's year was their spring picnic at which everyone enjoyed himself.

Bowsher's Club of Athletes

Varsity B, Bowsher's club of athletes, has as its members those boys who have earned letters in sports, major or minor. Many of these boys are letter-winners in more than one sport or are two-time winners in one sport. Their activities include not only money-raising projects such as car-washes and tag days, but also the annual basketball game between the Faculty and the seniors in Varsity B. With Coach Dean Moffett, Bowsher's head basketball coach, and Coach George Machoukas, the school's head football coach, as advisors, the Varsity B is one of the leading clubs of the school.

Forum Picks Another Winner

The Forum Service Society, in keeping with the near tradition they have established, again this year sponsored the winning Homecoming Queen candidate. Ann Hersland, Forum's Choice, reigned over "Autumn Enchantment," the 1968 Homecoming Dance. The dance was also a result of the efforts of Forum members. During Christmas Vacation, a combination Christmas-New Year's Party was held. Complementing these projects were a sock hop, a car wash, and a bake sale. Forum strives to promote better citizenship and spirit within the school and among members and within activities such as these, they had no trouble accomplishing this purpose.

A successful Homecoming Dance was a highlight of Forum activities.

Kingsmen Come Back Stronger Than Ever

The purpose of the Kingsmen is to develop attitudes of, and practice in good citizenship, to promote the general welfare of the school, to cultivate high ideals of personal conduct and to develop the character and widen the personalities of the boys of Bowsher High School. These are high aspirations indeed, and the Kingsmen have succeeded. They rebuilt their club after many members graduated, and they now promote service projects for the school and the teachers. Advised by Mr. Burns and under the leadership of President Kim Valentine, the Kingsmen are exceedingly beneficial to the whole school.

Q.D.'s combine fun with service projects

OFFICERS: J. Dauer, Pres.; C. Gladieux, Treas.; H. McLean, Sgt. at Arms; M. Corbett, Chap.; Mr. Darnell, Advisor.

The Quill and Dagger Service Society here at Bowsher is just that: a service to the school. By promoting good citizenship among its members, sponsoring service projects around the school, and by simply having a good time, these boys have made their presence felt. Their service projects include bake sales, car washes, and tag days. These in themselves are fun, but the Q.D.'s don't stop there. This year they held a Christmas party as well. Under the leadership of Mr. Charles Darnell, their advisor, the club has worked at and succeeded in becoming one of the most active organizations in Bowsher High School.

Although it is the most recently formed service society, the Notia Thalias, commonly called the Thas, are by no means the least active. These girls started the year with a car wash and went on to have a bake sale and a sock hop. In conjunction with the other service societies, the Thas took part in the Quad-Lit activities and their handiwork could be seen in the courtyard at Christmas. They sponsored a tag day and provided gifts for the orphans' home and the home for the aged at Easter. In the two years, they have become a welcome addition to the community as well as the school.

A conspicuous sight in Bowsher's halls this year was the rose corduroy culotte and striped turtleneck sweater designating members of the Periclean Service Society for girls. This active organization has, in the course of the year, sponsored many service projects, staged a pep rally à la Laugh-In for the Central football game, and, in cooperation with the other girls' service societies, took part in the annual Quad-Lit roast and Semi-formal. This group is fortunate to be advised by Mrs. Jan Woodend and Bowsher is fortunate to be served by these girls.

Fellowship and Service Are the Phils' Guidelines

The Philaethian Service Society of Bowsher High School was formed to promote service to the school and the community, to promote scholarship, and to encourage leadership among its members. In accordance with these purposes, the Phils baked cookies for the football players and for the soldiers in Vietnam. To service the community, the club worked at the State Hospital twice a month. However, the Phils are not all work as they have some fun too, including a Christmas Party and the Quad-Lit functions which they share with the other three Service Societies. The Phils are advised by Mrs. Chamberlain and Marcie Zink holds the presidential post.

Active Girls Honor Teachers and Serve the School

Bowsher's girls' clubs have long been known as the most active clubs in the school. And the Zeta Epsilon Tau Service Society is no exception. Starting early in the year with one of the year's first car washes, these energetic girls kept right on going to the end of the year. As usual they sponsored the Football Baby Contest in the fall. Baskets were filled at Thanksgiving and Christmas; and that deserving group of people known as teachers were honored during Teacher Week. This group of students can quite aptly be termed a service society.

Potential Business Leaders encouraged by FBLA.

Practice produces perfection for Darlene Managhan.

The Future Business Leaders of America is a vigorous and ambitious group dedicated to training and encouraging potential business leaders. They are also a group that serves Bowsher at the same time. They opened the year with the induction of new members in October. Early in the winter they attended the District Convention. Over the Christmas holidays the FBLA organized a Theater Party and after vacation they held a tag day. In February these energetic students had a sock hop. Late in the same month they attended the State Convention in Cincinnati. March 17th was the date of their annual St. Patrick's Day Bake Sale. In April they elected officers for next year and ended their activities later in the month with their yearly banquet.

F.T.A. Participates in Student Exchange Day

With the assistance of their advisor, Mr. Wirick, members of the Future Teachers of America Careers Club encouraged interested students to take a good look at teaching as a profession. The members undertook many service projects to keep themselves active. Among these were the yearly teachers' breakfast and ushering at the teachers' meetings. Fund raising activities included a tag day, carwash, bakesale, and a Christmas party. Throughout the year, members were treated to guest speakers and films at their meetings. Also included in the year's program was a student exchange day at various schools in and around the city. The F.T.A.'s annual banquet brought a close to the year for one of Bowsher's most energetic organizations.

Men in Viet Nam helped by F.H.A.

The Future Homemakers of America is one of the most constructively busy organizations at Bowsheer. They began their year by making packets to send to Viet Nam. Also in the fall they held a candy apple sale which proved very successful. November 14th was the date they visited the Toledo Edison and December 12th was when their Christmas party was held. In February the Club made another visit, this time to Maumee Valley Hospital. One week in early Spring was set aside as National F.H.A. week. Thus F.H.A. completed their busy year.

Needed information supplied by Paramedical Club

Bowsher's Paramedical Careers Club is an active and helpful organization designed for those interested in nursing and related medical fields, such as Pharmacy. This club is not only fascinating to belong to, it is a great help to the community. For example, at Christmas the club filled baskets to aid needy members of the area. They also held a party for the teenagers at Toledo State Hospital. To raise money for these activities, they held a bake sale in October and sponsored a tag day in December. In addition to going outside the school to gain knowledge about their chosen fields, the club invited speakers in to provide information about opportunities and academic requirements in the health professions. By encouraging vigorous interest in medicine, the Paramedical Careers Club is aiding the community now, and in the future as well.

German Club welcomed foreign exchange student.

Discussing club business are Bruce Pasch, Anita Ries, and Mrs. O'Keefe.

The German Club wasted no time in beginning their activities and they remained active throughout the year. In September these German students held one of the first car washes of the year. In October they gave a Halloween Party at which exchange student Renate Ringswandl was formally welcomed. Christmas was celebrated in traditional German fashion complete with the arrival of Saint Nicholas. Besides the car wash, another money-raising project, a bake sale, added to the treasury which is used for the annual German scholarship presented at the banquet in the spring. All these activities provided an exhausting and entertaining year for Bowsher's German Club.

Spanish Club increased knowledge of Spanish culture.

Formally called La Tertulia, the Spanish Club is headed by President Carol Braun and is under the supervision of Miss Leitner. Once a month through movies from the Toledo Public Library and talks with Area Foreign Exchange Students, the Spanish Club learns about the customs, music, and literature of the Spanish and Spanish-American people. This club finishes up the year with a banquet in the spring and a better knowledge of our Spanish and Latin American neighbors.

Joyous holidays are celebrated with Spanish piñatas.

Banquet concluded active year for French Club

Le Cercle Francais, better known as the French Club, is made up of French students with a three-point average in the first semester of the first year. Dedicated to promoting an interest in the French language and culture, the club, advised by Mrs. Eleanor Weber, accomplishes its purpose by presenting skits and speakers at meetings held on the third Thursday of each month. In December, the French Club held its annual Christmas Party. Money-making projects including bake sales, tag days, and car washes add to the sum presented as a scholarship at the end-of-the-year banquet.

The Latin Club prospers under new leadership

A new driving force was behind the Latin Club this year in the form of Mrs. Dorothy Hayes, their new advisor. Under this leadership the Junior Classical League began the year with a Halloween bake sale featuring popcorn balls as well as cookies, fudge, and brownies. In December the club celebrated Saturnalia, a Roman holiday corresponding to Christmas. New members were inducted in January, and the students' projects were displayed in February. They attended the State Convention held annually in March in the city of Columbus, and participated in JCL workshops in April. Awards were presented in May at the Banquet with which the Latin Club annually ends the year.

Tours and lectures highlight Alchemists' year

Learning by experimenting are Debbie Path and Jim Drennen.

The purpose of the Alchemists' Club is to promote the study of chemistry and physics at Bowsher High School through lectures, tours, individual studies, and experimentation. They also have a lot of fun. The Alchemist-sponsored Pizza Party was a big success as many of their activities have been. Besides being active they are ambitious too. Their list of tours included the Owens-Illinois Technical Center and Chicago's Museum of Science and Industry. This might seem like a sufficiently full year to some, but these young scientists don't agree. An end of the year symposium completed their activities itinerary, rounded out by various qualified speakers.

The Biology Club Boosts Scientific Interests

The Biology Club is, as the name indicates, dedicated to the study and promotion of Biology. They do this by extending knowledge in this field and by providing activities corresponding with the subjects. In accordance with this the club had Dan Danford of the Toledo Zoological Gardens as a speaker last fall. But the members do have time for fun, like the hayride they held. Many other activities kept the Biology Club busy throughout the year, a year which proved enjoyable and fulfilling for this active organization.

The Biology Club has sparked Roberta Blomberg's interest in botany.

The Crest aimed forward keeping the school informed

Under new leadership this year the Crest, Bowsher's school newspaper, became a weekly publication filled with news about service society activities, sports events, and editorials concerning practically everything vital to the school. Several new features added a great deal to the readers' enjoyment, such as The Nutshell, a complete schedule of the coming service society events, and the cafeteria menu for each week. At Christmas a special eight-page issue was published which put everyone in a good mood for Christmas vacation. The Crest is now a paper which not only keeps the school informed, but entertains as well.

Sportsmanship is emphasized by the GAA

The Girls' Athletic Association is possibly the largest club in the school, and for a very simple reason. It offers a program which can be enjoyed by all girls from their freshman through their senior year. This program is one of great variety, offering all types of sports from volleyball to golf. Besides developing physical fitness, it teaches the girls good sportsmanship. But not all of their activities are on the playing field. For example, this year the G.A.A. held two bake sales. Due to the size of the club, the first sale, held in October, was organized by the Juniors and Seniors. The second sale, in February, was arranged by the Sophomore and Freshman members. Led by Terry Watson the girls of the G.A.A. enjoyed a full and satisfying year.

Bowsher's Finest Entertain at Basketball Games

Made up of the best brass and percussion players in the school, the Pep Band entertains at Pep Rallies and basketball games. They are chosen by audition and with so many talented musicians in the school, the competition is tough. One student is chosen as conductor. The student conductor this year was Tom Siebert. The varied instrumentation ranges from tubas and trombones, to saxophone, to percussion. Few other schools can be so justifiably proud of one of the finest Pep Bands in the city.

Tom Seibert directs the cream of Bowsher's Musicians.

Zealous cheerleaders add spirit to the crowd.

The purpose of the Pep Club is to instill spirit in both the participants and the audience at Bowsher's major sporting events. Membership is a prerequisite for any girl who wishes to become a cheerleader. It is also an enjoyable experience for any girl who likes sports and has a lot of spirit. The girls attend all pep rallies and home basketball games as a group and lend their voices to those of the cheerleaders in boosting spirit no matter what the score is. The Pep Club can be summed up as a club to which the entire school owes a lot for their help in making Bowsher's basketball season successful.

Music-making, Barbershop Club's specialty

An organization here in Bowsher with a knack for harmony is the familiar Barbershop Club. A small club, about eight members, makes every member count. Each is a member of the Choir and has received the valuable training of their advisor, Mr. Eugene Evans. With the leadership of President Marty Mock, Vice President Jim Ames, and Secretary Dick Dashner, the Barbershop Club sings because they enjoy it and because they like to share their enjoyment with others.

A moment for harmony can always be spared by Barbershop members.

People Vital to Making the Band Function

Bowsher's band is comprised of a wealth of talent and versatility as well as a proficiency in all types of music. But a great deal of the credit for this fine band goes to those individuals who lead it. These people range from teachers to students and they perform many services. The group includes Mr. Grabill and Mr. Miller, the conductors, the band officers, the group of majorettes who entertain at half-time, and the drum major, Bruce Pasch. With the guidance of these people, Bowsher's band has been shaped into one of the finest in the city.

Bowsher's Band boosts big season

Mr. Michael Miller intensely directs Bowsher's Band.

The Bowsher High School Band is by far one of the finest groups in the school. They may be seen at any football game during the year, lending in spirit and drive to the team and entertaining students during half-time. Directed by Mr. Michael Miller and led on the field by drum major Bruce Pasch. These students also appeared in numerous parades downtown each year. This year the band participated in the Bowling Green State University Band Day and provided march music and accompaniment for the choir during the Pearl Harbor Day Ceremony, December 7. After football season the marching band becomes the concert band and can be heard at the Winter and Spring Concerts as well as at the "Pop Concert" given annually for the high school. Bowsher's Band has long been and will continue to be a source of entertainment and pride for the whole school.

From Pearl Harbor Day to Baccalaureate,

Tim Burns and Sue Marti hold a conference prior to a program.

Bowsher's Choir is truly an asset to the school. Yearly these talented students come away from State and District competitions with really noteworthy awards. A great honor was conferred upon the Choir this year in the form of an invitation to sing at the Pearl Harbor Day Ceremony organized by Toledo's chapter of the Pearl Harbor Survivors Association. Annually the Choir presents, for the entertainment of families in the Bowsher area, Christmas and Spring concerts as well as performing in the Baccalaureate Ceremony prior to Graduation.

In addition to the Band and Choir, Bowsher boasts another award-winning musical organization: its Orchestra. The awards are those presented at state contests attended yearly by the Orchestra. These student musicians also perform annually at winter and spring concerts. Directed by Mr. James Grabill, this group consists of several types of instruments. Strings include violas, violins, cellos and basses. The brass section encompasses trombones, trumpets, and french horns. The third group is made up of several percussive instruments including piano and tympani. With the advantage of this complete instrumentation, the Orchestra is a fine group of which Bowsher can be proud.

Competition sharpened skills of Chess Club members

Another of Bowsher's teams that contended for honors in city league competition was formed by members of the Chess Club. Two four-man teams matched their skill and ability in chess with that of eight other teams in contests held from December through February. The members and their advisor, Mr. Erkert, fulfilled the club's major purpose by promoting the popularity of chess and by learning more about the game themselves.

Burdens Eased by School Service Girls.

The duties of a girl involved in School Service are not easy. They range from playing hide-and-seek with the attendance cards to facing a raging mob of counselor-seeking students, and they do it all extremely well. These girls dedicate their valuable time to making things a little easier for the clerks in the office, for the teachers in the classrooms, and for the counselors. Their jobs are far from easy and they deserve a badge of courage for even attempting it. Bowsher is lucky to have girls who will ease the burden of the administrative staff and the school extends its gratitude to these helpful and determined girls.

Learning the technique of salesmanship are these D.E.C.A. members.

Bowsher's chapter of the Distributive Education Clubs of America is one of the two school organizations that supplement the vocational work experience program. D.E.C.A. members spend half of their school day studying required subjects, such as English and Social Studies, and the subjects related to the retail and wholesale fields. The other half of the day is spent gaining work experience provided by business and industrial establishments. Several D.E.C.A. members entered projects in the state-wide selling competition program this spring. Bowsher's club has been successful in finding jobs for these students and in helping them gain the best learning experience in the working world. The national organization has proved to be helpful in securing the type of work experience needed and wanted by students throughout the state and the nation.

Essential work experience is provided by OWE

The Occupational Work Experience organization is the second group related to Bowsher's vocational program. Students are eligible for O.W.E. if they are sixteen years of age and have completed ten years of formal education. As in D.E.C.A., members spend only half of the day in the school building, studying subjects related to their fields along with those subjects which are required for graduation. The second half of the day is spent working outside the classroom. Members accomplish the major purpose of the organization which is to encourage students to complete their education. As a club, O.W.E. also has activities such as their skiing trip in January which provided group recreation and which was enjoyed by all who attended. Thus, O.W.E., which is both a club and a class, helps these students to a better job and a better life including better personal relations by group activities and discussion.

Papers provide current events for O.W.E. class.

VARSITY COACHES: George Machoukas, Chuck Darnell, Tom Zientek

The '68 Rebel Gridders had the most successful season in Bowsher's history. With a 4-5-0 record, the team showed its strength and determination which is needed to be a winner. With a victory over Macomber and then defeating Bowsher's rival Start, the team faced the fighting Irish. The mighty Rebels went down in defeat with only seconds remaining to be played in the game. Having beaten a tough Rogers team, 13-12, the gridders were in contention for the division championship. Up against a fast DeVilbiss team, the Rebels put up a tough but unsuccessful fight. The Bowsher Rebels broke many records in the 1968 football season. The offense scored the most touchdowns in Bowsher's history. Never before have the gridders scored in every game. The Rebels totaled the year with 140 points, more than any other team. Dave Schaetzke was named to the 1st team Northwestern Ohio. Brad Maxon received Honorable Mention in Northwestern Ohio averaging a school record of 38 yards a punt. As defensive tackle, Craig Johnson made 1st team All-City.

Vern Venne's first year of coaching at Bowsher.

Guided by rookie Coach Venne the J.V.'s struggled through a tough season. Though their 2-5 win-lose record was not impressive they played good football. The Rebels displayed their best against a strong Central team trampling them 26-12. Another important victory shut out Rogers 14-0. The team lost many valuable players to the Varsity squad but they gained the needed experience for next year's season.

Although the Freshman team could not be classified as successful, they learned how to play high school football. The team was trained by Coach Murton Campbell, in only his second year of coaching at Bowsher. A good defensive game was played against Start, but the Rebels were unable to score letting the Spartans take the victory 0-6. Macomber battled the Frosh to a 6-6 standoff. The team's 0-6-1 showing was a disappointment, but they have the needed material for a successful season next year.

The '69 Rebel Cagers, guided by our new Coach Dean Moffett closed their season with a good 6-11 record. Senior co-captains Hal McLean and Bob Bowers led the team through their tough schedule. The Rebels opened their city league season with a victory over Woodward following by another victory against Central, last year's city champions. One of the most exciting games of the season was against the Rebel's rival Start in which the Rebels lost in the final second, 47-48. The season was ended in an overtime victory against St. Johns, 71-68. Rebel spirit proved to be an asset as the roundballers won 5 out of 8 home games. The height of the team was Hal McLean who placed 5th in the city in scoring and rebounding strength was shown by Lon Mulvaney and Jeff Dunbar. Speed and outside shooting was supplied by Bob Bowers, Bob Trenchik and Chuck Hoskins. The starting line up was predominantly seniors but was excellently backed up by a fine junior bench which looks very promising for next year's season.

Rebel enthusiam remained

high through the season.

Freshmen start their basketball careers while

Rebel pride and enthusiasm plus determination were ingredients for the J.V. season. Although their record was 5-13, the reserves displayed a fine effort. Five straight losses opened the season before the J.V. Rebels beat Central. Other victories were against Eastwood, Start, and Cardinal Stritch. The season was ended with another victory over Whiteford. The Rebel reserves gained the necessary experience which is needed for a successful varsity season next year.

The Freshman team got a slow start but quickened its pace at the end of the season to win the last 3 out of 4 games. The young team beat the highly rated St. Johns squad. Showing considerable improvement they lost 10 straight games before they found their real abilities. Besides Central, the other victories for the Frosh were against Devilbiss and Burnham Sylvania. The latter part of the season indicated improvement which shows encouragement for next year's J.V. squad.

afterward it is victory for the team.

With determination and excellent individual showings the Rebel matmen turned up a winning season. The team, coached by Mr. Ron Schlievert powered their way to two first place titles, in both the Bowling Green Invitational and the Start Invitational tournaments. Another highlight of a fine season was the grapplers display of talent at the Northwestern Ohio Sectional Tournament where they placed second, losing by only one point. In the City League Championships, the Rebels took fourth place under the leadership of co-captains Dave St. Aubin and Craig Johnson. Grapplers Dan Wallington and Bill Berry finished with second place titles in their weight class and Craig Johnson placed first to make the All-City Wrestling team.

The J.V. wrestlers also had a fine season, ending with a 4-3 record. With this year's varsity squad composed of mostly seniors the young Rebels will need the experience gained this year to carry next year's team.

On again, off again, is the best way to describe the 1968 Rebel baseball season. After winning the opening game from Sylvania, 4-0, the Rebels lost 3-0 to a good Waite team. They then won four in a row until losing to Waite again, 3-1. The loss to Central (1-0) and victory over Rogers 9-4 also illustrated the see-saw type of year that was 1968. Ending with a 10-6 record, the Rebel roundballers will face the future with a strong crop of returning lettermen. The prospects look bright for the Rebels in 1969.

The 1969 Apogee is only a mere part of the vast puzzlement of time. It is a unique part, a single piece, yet within itself exists a great puzzle. A puzzle composed of talents, ideas, and ingenuity, but most of all—it's composed of people. People caught expressing their ideas through the talented photography of Powell and National Studios, student Dan Walch, our own staff photographer and the chromatic artistry of Mr. Clarence Dashner, Mr. Donald Fader and Mr. Robert Reagan. Expressed ideas were assembled with the gracious assistance of the principal Raymond McNeill, Taylor Publishing Co. and representative Mr. Jerry Barber, our advisors, Mrs. Debra Bukwaz and Miss Elizabeth Papps; and also of our financial expert, Mrs. Gladys Just, activities coordinator, Mr. George Miley, and the resourcefulness of the members of the staff. To these individuals and all those pieced within this puzzle, a hearty and most grateful Thank You is extended.
